ABOUT US

# KW Plastic Bottle

KW Plastic Bottle supplies PET, HDPE and PP bottles, jars and airless packaging for cosmetics, personal care, household and food brands.

## What we offer

- PET, HDPE and PP bottles and jars
- Airless packs, tubes and matching closures
- Custom colors, molds and decoration
- Leak and drop tested before shipping

## In this catalogue

- PET bottles (3)
- HDPE bottles (3)
- PP & PET jars (3)
- Airless bottles (3)
- Tubes & closures (3)

## Why work with us

### Custom color

Solid, transparent and pearl finishes matched to your brand color.

### Decoration

Screen print, hot stamp, labels, spray coating and shrink sleeves.

### Custom molds

Share a drawing or sample and we develop the tooling.

### Tested quality

Leak, drop and formula-compatibility checks before shipping.

## How we check quality

01
### Material check

Raw materials and components are checked when they arrive.

02
### In-process checks

Dimensions and appearance are checked during production.

03
### Final inspection

Finished goods are inspected against the approved sample.

04
### Packing check

Cartons and pallets are checked before export shipping.
